Computer Networks CS408
Attend IETF Meeting Assignment

Due date – Upload to SUCourse by March 26th Tuesday, **Midnight (Late submission will not be accepted)**

Length: ~1-2 page(s) - Use Times new roman or Arial, font size 11-12.

Grading: 4 points (out of 100) (It was 5 pts in the Syllabus, but now I changed it to 4)

The main aim of this assignment is to attend a session of the Internet Engineering Task Force (IETF) meeting online and reflect on a selected session.

Meeting: Internet Engineering Task Force 16-22 March
https://www.ietf.org/how/meetings/119/

Meeting Program: You can access the full agenda of the meeting from the link:

https://datatracker.ietf.org/meeting/119/agenda

What you need to do:

- You are required to attend minimum one (1) technical session and write a short reflection.
- You are free to pick any **technical** session
- Attend the session that is live broadcasted (In the agenda look for videocamera icon next to it)

- Attend the session that has meeting documents
- Brisbane QLD, Australia is 7 hours ahead of Türkiye, so make necessary time arrangement. (e.g. to attend 9:30AM meeting you must awake at 2:30AM in Turkey)
- Take screenshots during the session as evidence for your attendance. Add it to your report.

Please report your reflections under the titles given below:

Session Reflection headings– 100 pts

Write your reflection under the following headings
- 5 pts - Title of the session – Speaker(s) Name(s)
- 15 pts - What was the session about?
- 10 pts - What do the meeting materials cover? What did the group discuss in previous meetings?
- 25 pts - What did the engineers of this session discuss about?
- 25 pts - What did you learn in the context of Computer Networks? How did the discussions run (e.g. presentation, discussion, etc.)?
- 15 pts - Screenshot for evidence of attendance

To register the meeting:

First register to the meeting by following the steps below:

IETF Remote Participation Fee Waivers

In accordance with the IETF LLC statement of principles regarding remote participation, we make an unlimited number of fee waivers available to remote participants and we do not ask you to explain why you are taking the fee waiver option or make any check on eligibility as we operate on a trust basis. Please do not use this option if you can afford the fee. This is not intended for guest speakers, observers or others who may feel they should not have to pay.

The information you provide will be confidential and will only be used for the purpose of allocating fee waivers. Please note that a Datatracker account is required to request a fee waiver.
